

EECA Registered Solar Water Heating Installers

The installers listed below have registered to participate in EECA's Solar Water Heating Loans and Grants Scheme. Registration is granted to those installers who have successfully completed the Short Course Certificate in Solar Water Heating Installation and provided evidence of this to EECA. EECA does not approve, endorse, accredit or in any way guarantee the work done by the listed installers or the products they have installed. All systems and their installation must meet the requirements of the NZ Building Code and homeowners must acquire a building consent before a solar water heater is installed.
